|----------------------|--|--|----------|------------------------------|--------------------|
| 1                    | To approve the related party transaction | Redefine International will purchase the 50% stake in a portfolio of German retail properties which it does not own from Redefine Properties. The price will equal the independent valuation, which management believe to be an attractive price given the strong German market. Further, as the sale involves a sale of share rather than properties, there is little transaction cost leakage. | Ordinary | For                          | Passed             |
